To: R.H. Hillenkoetter, Rear-Admiral USN
Central Intelligence Group

Dear Admiral,

You may recall in the letter I sent to Rear Admiral Lowry, which he showed you, my mentioning a position in a Lincoln Neb. advertising agency which I intended to take up in a few days.

I have just received word that they are having some difficulty which cancels out the proposition at least for several months, possibly altogether.

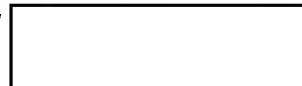

This makes me all the more interested in getting to work in your organization as early as possible, if I am acceptable.

Hoping there is something for me in the Group,

I remain

Yours sincerely,

/s/
